NUMBER 36

**My Word!**  
*Sandy Laimier*  
CITY OFFICIALS report there is much interest in purchasing the old fashioned street lights and poles which have graced San Pablo Avenue to these many years. Jim Turner says the city will have a sale of them. Watch the Times for the date.

**WE'LL TRY** to run pictures of the Chamber dinner and the San Pablo Avenue street lights next week. PG&E has provided the Times with a terrific set of before and after shots of San Pablo Avenue at night.

**SICK LIST** (continued) Worth H. Dikeman, Albany's deputy building inspector, is a patient at Alta Bates hospital as is Librarian Ruth McNair, who is a surgical patient at the same hospital. The nasty old flu bug is still taking its toll and it's miserable stuff this year.

**THE CHAMBER OF COMMERCE** dinner Friday night was a swinging affair, one of the most enjoyable in recent years. We certainly had the "name people" on deck: all five councilmen and several department heads, a supervisor, two senators and an assemblyman.

**SOME LITTLE KID** left a pink and blue jacket with hood, size six, at Wells Shoe Repair, 1226 Solano. It's hanging in the window right now. They're anxious to return it because it looks almost new.

**JOEY PAULING** of El Cerrito, the 10-year-old song and dance man who was scheduled to appear on the Red Skelton show last Tuesday, will be one of the entertainers at the Maid of Albany.

### BAND CONCERT IN PARK THIS SUNDAY AFTERNOON

Recreating an old American tradition, the Albany High School Concert Band will present a free "Sunday Afternoon Band Concert in the Park" next Sunday, May 21, on the lawn in front of the Memorial Auditorium in Memorial Park.

Beginning at 2 p.m., the band will play a varied program of light band classics and marches for an audience seated on the lawn and under the trees.

Hot dogs, soft drinks and coffee will be sold so that the people can enjoy the music in a relaxed atmosphere of food, family, and, it is hoped, sunlight. Benches and folding chairs will be available for those who don't want to sit on the lawn.

"This is our way of saying thanks to the people of Albany

who have so generously supported the band and the schools," said Band Director Ernest Douglas. "We hope that all the people in our city will use this opportunity for a real old fashioned family get-together. There are facilities for picnics, food for sale, a playground, and plenty of space for young ones to have fun."

Some of the selections to be played by the band are "Selections from 'Scheherazade'" by Rimsky-Korsakov, "The English Folk Song Suite" by Ralph Vaughan-Williams, Ravel's "Bolero," the circus march "Thunder and Blazes" by Fucik, and movie music by Henry Mancini.

The concert is open to the public and there will be no admission charged.

### Council

#### Albany Asks Neighboring Cities' Help on Waterfront

Mayor Richard O. Clark Monday night asked for and received the unanimous support of City Council in three matters relating to development of the waterfront.

First, Albany will accept the offer of Senator Lewis Sherman to arrange a meeting among Albany and Bay Area Conservation and Development commission and/or the State Planning Commission.

Second, a letter will be sent to Councils of Richmond, El Cerrito, Berkeley, Emeryville and Oakland asking for cooperation in planning of waterfront.

Third, the city will continue to seek a waterfront planning expert who will come up with an ideal plan for Albany's waterfront as a recreation area.

Action Monday night was the result of a lengthy memo on the waterfront presented by Clark on May 1.

Proceeding the 8 p.m. session, official dedication ceremonies for San Pablo Avenue street lights were held in the Civic Center Plaza. This prompted a series of motions by Councilman Lewis Howell, thanking those who worked so hard for the lights, including the merchants and citizens, Chamber of Commerce and PG&E engineering department. Council authorized Administration.

Officer James B. Turner to hire temporary part time assistance from Berkeley in the absence of Deputy Building Inspector Worth Dikeman. The mayor was authorized to proclaim May 22 as Maritime Day.

A resolution appointed Mrs. Doris Klingelhofer as temporary acting head librarian at head librarian pay scale during the six-week sick leave of Acting Head Librarian Ruth McNair.

Council voted to support in principle a proposal to give tax relief to those on small fixed incomes, and passed a resolution commending Burton Lewis for his contribution to Traffic and Safety commission.

Filed was a letter from School Superintendent Kenneth Forry, stating that the Junior Traffic Patrol, thanks to close supervision by the Police Department, is working well.

Resolutions passed unanimously initiated proceedings for the beautification of Masonic Ave., confirmed the appointment of Lewis to the Civil Service board, and requested BARTD to extend the demonstration grant for complete landscaping, widening and undergrounding utilities south of Solano.

The mayor indicated he will appear.

At the time of her death, she was head director at Memorial Park, in charge of the Easter Egg Hunt, the summer Day Camp and a familiar figure to anyone who visited the park. In addition, she was in charge of a highly successful craft program at the Community Center in University Village and worked on crafts with Albany Senior Citizens on Wednesdays.

Survivors include two sons, Maurice Gershenson of Berkeley and Si Gershenson of Albany; five grandchildren and four great-grandchildren.

AHS PTA Looks Back and Ahead At May 18 Meet

"Health Education," a resume of the past and what's in AHS future. This past year educators, teenagers and parents across the nation have expressed the need and desire for sex education in public schools.

Newspapers and magazines have sponsored discussion programs and cooperated with adult education to present forum series to enable us to give intelligent thought to this very important subject.

If you have been among the concerned adults who have responded to these media of information, you will have learned that no one area of concern stands by itself. Sex education, drugs and venereal disease are all interrelated and involve the total human being from birth to death.

Come to the Albany High school PTA meeting in the High school cafeteria, Thursday evening, May 18. It starts at 7:30 p.m. Join in with us in the discussion, when there will be a resume of the past health education and talk of what is in the future for AHS.

Property Owners Object to Proposed Change

Minutes of the May 9 meeting of the Planning and Zoning commission run to 12 pages, primarily covering protests of property owners to the proposed change of zoning on the south end of Kains and Adams to prohibit apartments.

Present zoning allows commercial expansion or apartments. Property owners pleaded to commissioners to leave it that way, citing it is now built up with apartments, businesses on San Pablo have indicated no desire to expand and that fire insurance will go up if apartments are not allowed because this will mean they cannot be rebuilt if they are destroyed by fire.

Jerome Blank's letter of protest represented himself, Mr. and Mrs. Franklin Dill, Mr. and Mrs. Jew Tom and William Fauntleroy.

James Simmons, who owns property in the area of proposed change, presented a petition with 25 signatures of property owners protesting the change. He brought with him a large colored map indicating use of property in the area of the 1009 and 1100 blocks of San Pablo and Kains.

Others speaking against the change were H. Pick of 617 Adams, Dill, Charles Lindh of 1014 Kains, a Mr. Beals, owner of 1042 Kains, and Harold Van Coop of 1008 Kains.

A Mr. Delgado of 1115 Dartmouth spoke in favor of the rezoning as did Ralph Buckwalter. Neal Clarity of the Chamber of Commerce said the Chamber board had taken no stand but had appointed an off-street parking committee because one business has closed as a result of no parking. As an individual, he said taxes are secured from sales tax and property tax and through commercial and industrial development. Because there is not much area for industrial development, an attempt must be made to improve the present commercial, Clarity said.

Commissioners closed the public hearing and set their time to discuss the matter at 7 p.m. Tuesday, May 23, in City Council chambers.

At the close of the meeting, Dr. Arthur Longpre was elected chairman, replacing Carl J. MacWilliams, and William A. Johnson was elected vice chairman.

What Must Be Taught About VD—Fourth Forum Discussion

A prominent Bay Area pediatrician and instructor of public health administration at UC feels American society cannot instruct its youth as to the "right choice" regarding indiscriminate sexual behavior.

Rather, Dr. Alberta Parker believes educators and public health officials can teach that "a choice must be made." The study of communicable disease should begin in the elementary school level followed by formal secondary school instruction as to the causes, prevalence and control of venereal disease. Since there is no available immunization for syphilis or gonorrhea, VD education is essential. Physicians also need to become "more suspicious" and be taught about "intimate contact" follow-up, a technique employed by local and state public health departments.

Dr. Parker also reported that within a nearby East Bay community the number of reported cases of gonorrhea has doubled since 1964, a rate of increase amounting to nearly epidemic proportions. Dr. Parker delivered her address in Albany as fourth in a series of five forums sponsored by Albany Adult school and the PTAs.

bany contest at the AHS auditorium Saturday night.

**FOR A CHANGE**, the weather has been simply gorgeous for two weekends. Apparently we have gone from winter to summer with no season in between.

**WE FREQUENTLY** get suggestions about items people would like to see in the paper. One fellow is upset because no two clocks visible on San Pablo and Solano show the same time. He thinks there is a moral obligation to keep clocks accurate if the public is depending upon them. A second man is upset about littering on our streets. We second that one enthusiastically because pedestrians are using our planter box for candy and sandwich wrappers to say nothing of Coke and shake containers. "Green Thumb" Willmont lovingly plants and tends that box and shame on you for using it as a garbage can!

**ALBANY AND MEMORIAL PARK** just won't seem the same without Grace Baldwin. It was always a comfort to know she was at the park and you didn't have to worry about the children. She didn't put up with any nonsense, but she opened new vistas for hundreds of children through her many talents and enthusiasm for life. We'll miss her.

**LUCKY 13** is still serving those fantastic \$1.99 charcoal steak dinners from 4 p.m. to midnight daily except Monday. Seems some people got the idea they weren't serving any food because they closed the noon Hof Brau.

## Laura Foster Uses Her Talent for Church; Lets Art Sale May 19-20

Parable of the Talents from the New Testament book of Matthew is the inspiration for the art sale to be held in the Fellowship Hall of Albany Methodist church by Laura Foster, local artist and member of the Albany Methodist congregation. The sale, which will run Friday, May 19, 1 to 9 p.m., and Saturday, May 20, 10 a.m. to 5 p.m., at Marin and Stannage, was inspired by the need for extra church income necessary to meet commitments locally and world service, members of the Albany Methodist congregation striving to raise almost \$900 above the current regular church income.

### Proclamation

Whereas, litter of all forms carelessly strewn upon the streets and open areas of Albany is an eyesore that blights and corrodes the natural beauty of the community, and

Whereas, litter and its unsightliness has a negative effect on community pride and well being, and

Whereas, litter lowers property values and alienates the development of new businesses and the inducement of new residents, and

Whereas, the total job of beautification can make a substantial contribution throughout our City of Albany, and

Whereas, the Governor of the State of California, at the request of the California Anti-Litter League, has designated May as official "Anti-Litter Month," and

Whereas, the accumulation of litter is especially heavy during the Memorial Day, Fourth of July, Labor Day and other major weekends.

Now, Therefore, I, RICHARD O. CLARK, as Mayor of Albany, do hereby proclaim the week of June 5 to June 12, 1967, as CLEAN-UP AND BEAUTIFY WEEK as extra effort days for the prevention of unsightly litter, and call upon all citizens to exert an extra effort to keep the City of Albany free from litter during this period, and throughout the years to come.

RICHARD O. CLARK  
Mayor of the City of Albany

## Legion Post 292 Second Largest In County

Albany Post 292, American Legion, is on the honor roll of the State Department and the tenth district for surpassing the membership quota given the post at the start of the Legion year.

Robert Spomer, membership chairman, reported the post has 332 members against a quota of 329 by May 12. Albany post is second largest in Alameda County.

For his work in recruiting new members, Spomer was awarded Commander Lloyd Rasmussen's membership award of a clock radio, which Spomer immediately gave to the isolation ward at the Livermore VA hospital in the name of the post.

In view of 332 members, Albany post will have 11 delegates at the State Convention. Interest is running high. Twenty-four have been put in nomination for the 11 places on the convention floor. The post will also have its color guard at the San Diego convention June 24.

Albany post will honor Department Sergeant-At-Arms Gilbert Sutherland, first and only member to hold a State Department office, at a reception banquet Friday, June 16, at Albany Veterans Memorial building.

At the request of Berkeley United Veterans Council, the firing Squad for the Memorial Day services at Sunset cemetery will be furnished by the post's uniformed riflemen.

The housewife who mixes two or more types of cleaners in an effort to do a more thorough cleaning job may, without realizing it, be producing an injurious gas.

This was exemplified in accidents involving two housewives in separate cases. Both were using an ordinary toilet bowl cleaner. Not satisfied with the way it was removing stains, each one added some household bleach and stirred with a brush. One died quickly—the other spent a long time in the hospital.

What had happened in the above cases was that a poisonous gas was created when users decided to mix two or more household cleaning agents. Such combinations sometimes give off dangerous gases, one of which could be chlorine. A safe rule to use is to use chemical cleaners as the manufacturer directs on the labels and to make certain that you have adequate ventilation when using bleaching agents.
